Dear Donna,

On behalf of the board of directors of the Weston Media Center, Inc., we would like to express our interest in and reserve a position for the future use of some portion of the Josiah Smith Tavern / Old Library as a centrally located and accessible television and media operations studio for the Weston Media Center Inc.

We are a non-profit, tax-exempt 501 (c)(3) organization serving all of Weston by providing Public, Educational and Government access cable television and media services to our community.

Thank you for including us in the planning for future use of these important historic assets.

Gloria Cole, Executive Director
On behalf of the Board of Directors of Weston Media Center Inc.
